

The logo features the words "Sealed with a Kiss" in a stylized, black, gothic-style font. The word "Sealed" is at the top, "with a" is in the middle, and "Kiss" is at the bottom. The word "GAME" is written in a smaller, black, sans-serif font to the right of "Kiss". The text is set against a background of a yellow triangle and a pink circle. There are four red lipstick smudges around the text: one at the top left, one at the top right, one at the bottom left, and one in the center of the "Kiss" word.

The Kiss Collecting Game

With a Real Kiss Stamper

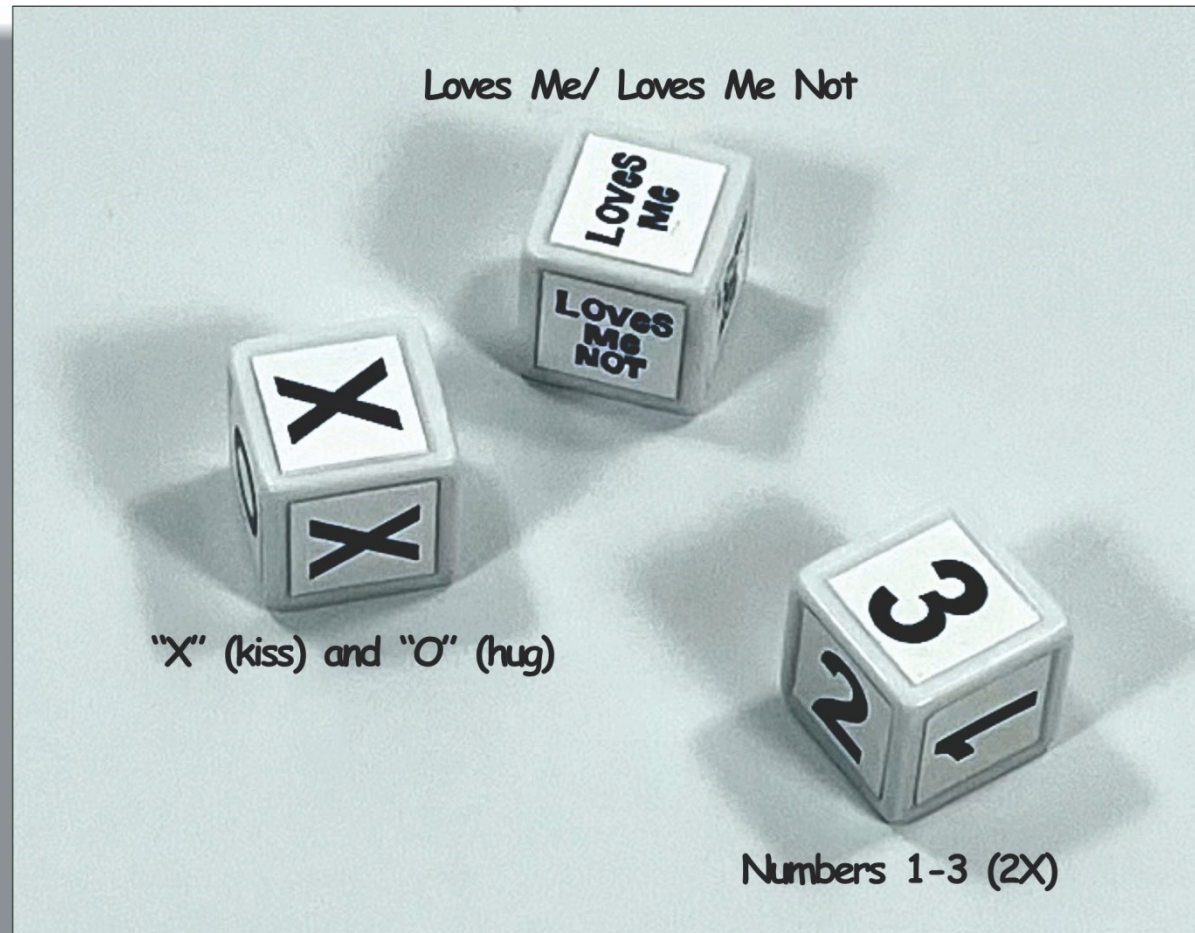

**First, get your group together.
The game is for 2 to 4 players.**

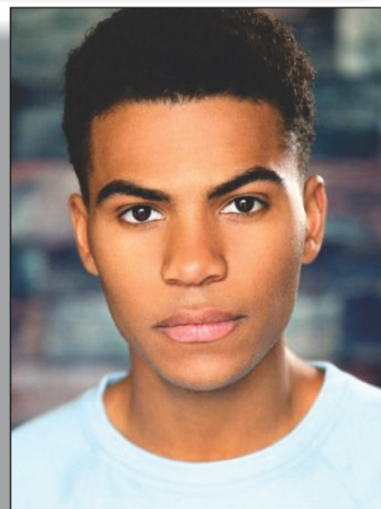

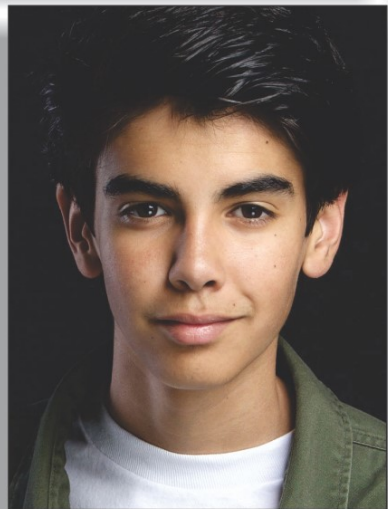

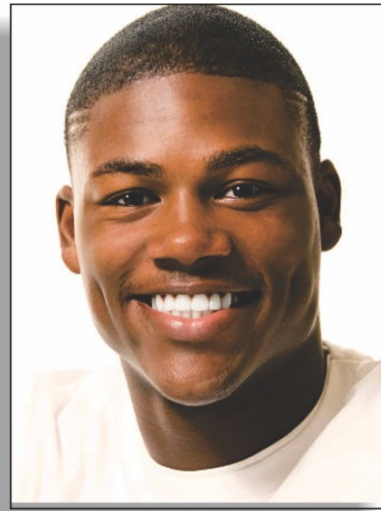

Take all 14 cards and form them into a circle that will act as stepping stones during the game. Place the lipstick playing piece on a SWAK card.

Place the 3 dice in the center of the circle. The numbered dice is used to advance around the circle from card to card. The other two dice are used when you land on a card that asks you to use them.

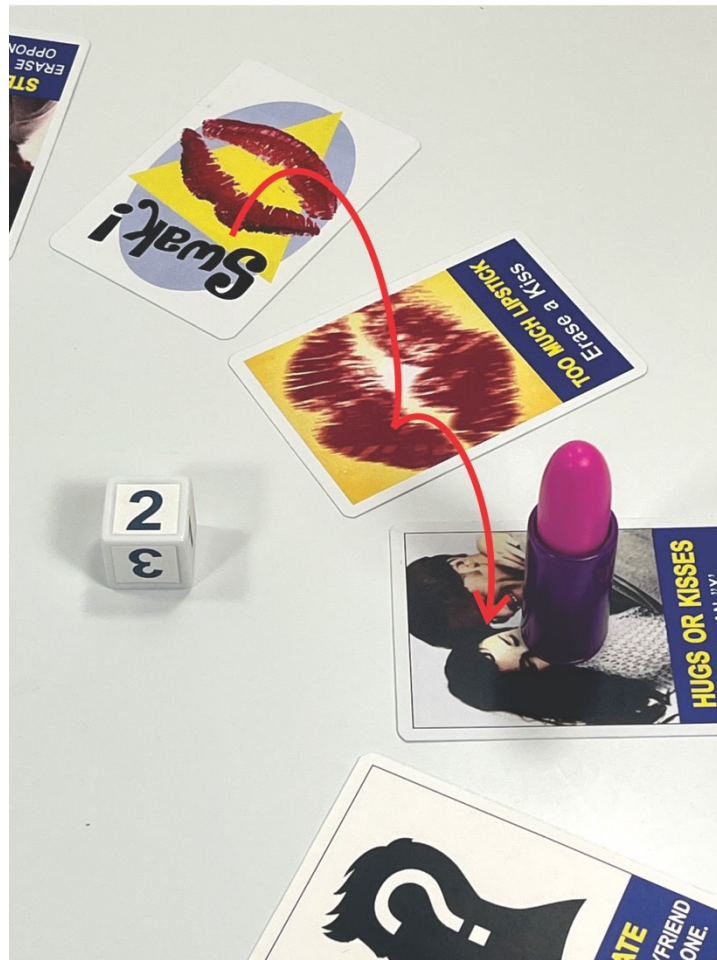

Each player selects a boyfriend card from the group of 6 boyfriends and places it in front of them. The other cards are set aside.

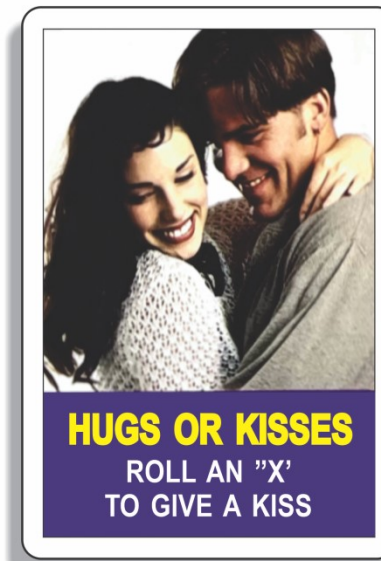

The 4 Neanderthal cards and the unused boyfriend cards are shuffled and placed face down in a pile within easy reach.

Start the game by rolling the number die, advancing that number from card to card, then following the instructions on the card. In this case, roll the "X" and "O" die. If you roll an "X", you get to give your boyfriend a kiss!

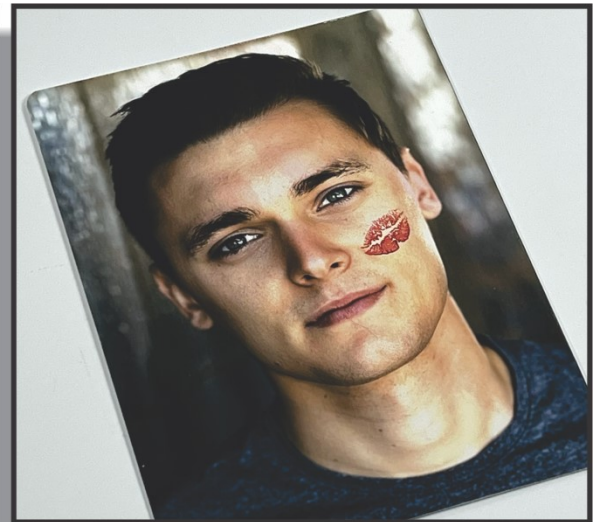

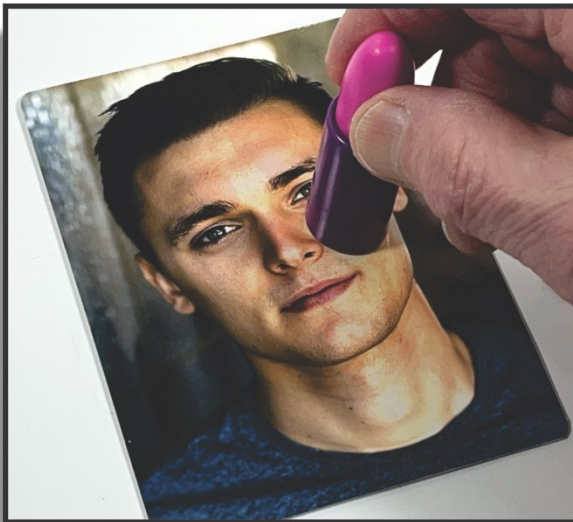

Lands on "Hugs and Kisses"

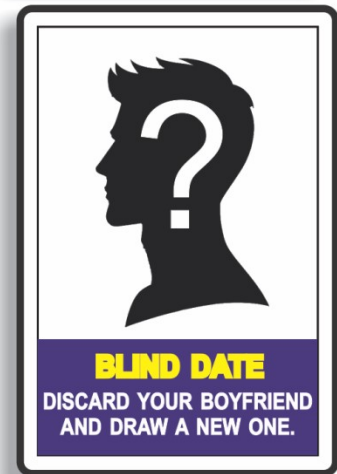

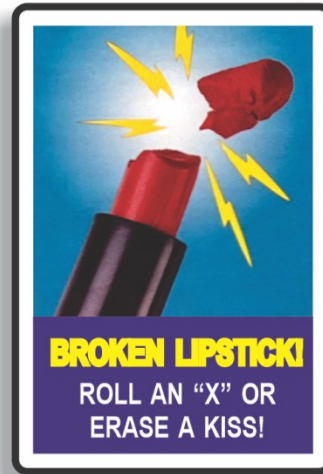

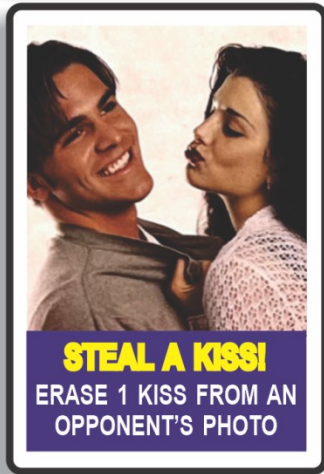

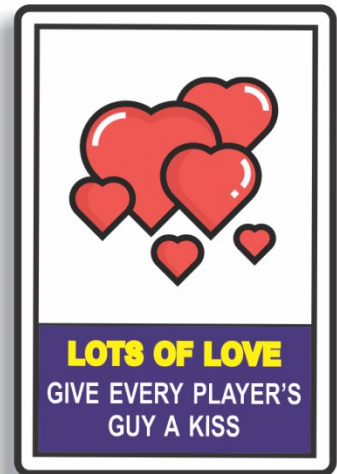

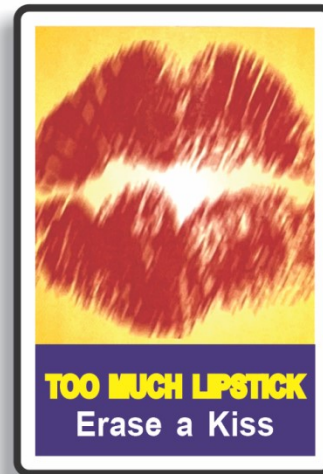

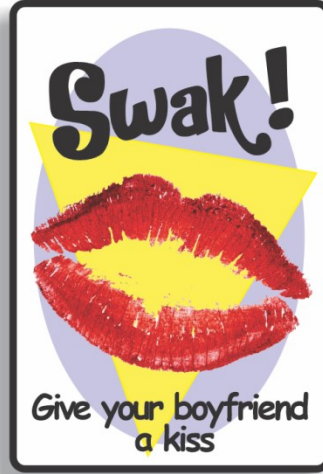

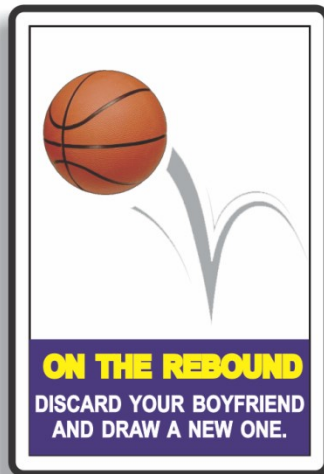

Rolls an "X" (Kiss)

Pick up the lipstick stamper and take off the cap, press gently down on the pink lipstick, and stamp a kiss on your boyfriend's photo.

The cap is put back on the lipstick and it is placed back on the card where you landed. The player to the left is the next to go. They roll the numbered die and follow the directions on the various cards.

**Play continues until one player has given their
boyfriend (even if he's a Neanderthal) 5 kisses.
That player is the winner!**
